FALL OF 1914

QUALITY NURSERY STOCK

*Your order will be well
taken care of if placed
with us.*

Meneray-Omaha Nursery Co.

OMAHA, NEBRASKA

ORDER SHEET

Address-----

Date _____

MENERAY-OMAHA NURSERY CO.,
Omaha, Neb.

Dear Sirs:

You may enter my order for the stock listed below, F. O. B. Council Bluffs, Iowa, boxing and packing extra. If there are any items you cannot supply, advise me at once. Enclosed you will find my remittance of \$-----,

or I refer you to-----

[illegible]

Ship the above (give date) -----
if conditions permit.

Yours truly,

MENERAY QUALITY NURSERY STOCK

Please keep in mind that our stock has been grown near Council Bluffs, Ia., under the supervision of Mr. F. W. Meneray, and we know just what we are sending you. Our storage and packing facilities have enabled us to reduce the possibility of errors to a minimum; and nowhere in this country is there ground which excels ours for growing smooth, healthy, well-rooted trees, shrubs, and all kinds of nursery stock. Our prices have been fixed with a view to making them as low as possible, considering the quality of the stock and the care we use in handling and packing. Samples will be sent prepaid on application.

We ship from the Iowa side, and the railroad facilities of Council Bluffs are unequalled by any point in the central part of the United States. If your order is placed with us, you will get your stock quicker and, therefore, in better condition than if it is placed elsewhere equally distant.

The utmost care will be taken in packing, every order receiving the attention of experienced packers, insuring the stock to be in good condition, if handled properly by the transportation company. When shipment is made, it will be according to your instructions, or our best judgment, if you prefer.

The whole nursery has been inspected by the Iowa State Entomologist, and a certificate issued, showing that all of our stock is in a healthy condition and free from disease and injurious insects. A copy of this certificate will be attached to each shipment.

TERMS AND CONDITIONS GOVERNING THE FOLLOWING QUOTATIONS

Boxing and Baling.

Boxing or baling will be added to the amount of your order, but the charge will be only for the actual cost. Boxing or baling free on Cash in Advance Orders, if the amount is \$25.00 or more. All goods delivered F. O. B. Council Bluffs, Iowa.

Caution.

All orders will be accepted upon condition that they shall become void should any injury befall the stock from fire, frost, hail, drought, flood, or other causes over which we have no control. All quotations are subject to previous sale.

Terms.

Cash or satisfactory references with the order. When satisfactory references are sent, payment for stock shipped in the Fall will be due December 1. In making remittances, please do so by Draft on New York or Chicago, Express Money Orders, or Postal Money Orders.

Guaranty.

While we exercise the greatest care to keep every tree, plant, etc., true to label, and are ready, upon proper proof, to replace, free of charge, any stock which may prove untrue, or refund the money paid; it is mutually agreed by and between the customer and ourselves that, under any circumstances, we cannot be held for any greater amount than the price originally paid for such stock.

Deciduous Trees

Prices.

Twenty or more at the hundred rate; less than ten add ten per cent to the ten rate for each tree.

Paeonies—Division Plants

Here is an opportunity for the Paeony fancier, or the nurseryman who wishes to begin growing paeonies or add to his list of varieties. Among the following described varieties you will find some of Terry's best originations, which is saying a good deal, the late H. A. Terry having been during his lifetime one of the foremost Paeony specialists in this country.

Begin a stock of these wonderful varieties to supply your trade, or plant a field for the cut-flowers. The demand for Paeonies is greater every year, both for the plants and cut-flowers. For the past several years, we have been unable to supply the demand for the cut-flowers and, we may add, they have brought handsome returns. Paeonies will pay you, too, if you plant the right sorts.

The varieties we offer are proven. Everyone is a good bloomer, perfectly hardy and produces quality flowers. The prices are lower than we have ever quoted; all are bargains—worth many times the amount we are asking. Order these Paeonies from us; as, of many of the varieties, we have the only stock.

Prices.

Twenty or more at the hundred rate; less than ten, add two cents to the ten rate on each plant.

Variety—	Grade—No. of Eyes.	Per 10	Per 100
Adela—Purplish-crimson; full double; medium size. (Terry).	2 to 3	\$.45	\$4.00
